

OTS/PMB MEMO #45-81
15 May 1981

MEMORANDUM FOR: ORD/CTG

ATTENTION :

25X1

FROM : OTS/ATG/CMD/PMB

SUBJECT : Moscow Embassy Security Funding

1. Enclosed is a copy of the proposal from SWRI to evaluate several means of security sealing the large Sea Land Containers being used to transport the construction goods to Moscow.

25X1

2. This proposal covers seven approaches which feels have a strong probability of success. He is aware, based on the crate-size problems we encountered, and successfully solved, of the limitations of his approaches. Based on additional information obtained from concerning Soviet techniques along these areas, his approaches appear to be worth the time and money, as we do need a solution to this problem.
